## 30s

### 1932

Sherman Kelley vacations in West Palm Beach and observed a young woman struggling while dipping ice cream. He resolved to find a better way.

### 1933

Kelley develops the design for the Zeroll® Ice Cream Scoop and receives a patent.

### 1935

Kelley established The Zeroll Co. in his garage in Toledo, Ohio

## 40s

### 1940-1945

The early success of The Zeroll Co. was stalled by World War II. The aluminum needed to produce the scoops was diverted to wartime use and the business was virtually dormant for several years.

### 1945-1949

The Zeroll Co. was one of the first to obtain aluminum after the war.

## 50s

### 1950

Sherman Kelley passes away, and his son Ralph takes over.

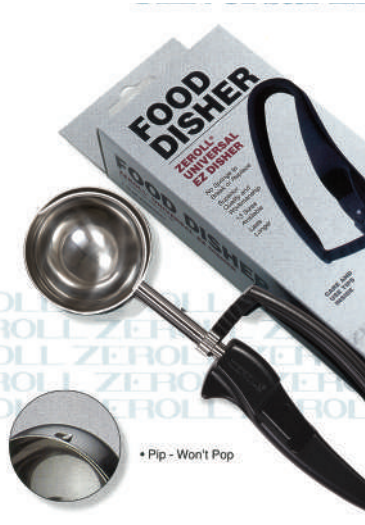

### 1953

Ralph moves the company to Maumee, Ohio and changed its name to Roll Dippers, Inc.

This was a slow period for the company.

# LEGACY

From humble beginnings in a garage, The Zeroll Co. is proud of its heritage and will continue to be a pioneer in the world of small wares for years to come.

60s

**1968**

The Funka brothers purchased it in 1968. Tom and Art Funka enjoyed the challenge of turning The Zeroll Co. back into the successful business it once was.

70s

**1981**

The company was moved back to Toledo, and the name changed back to The Zeroll Co.

**Mid-80s**

The Zerolon® line of scoops was developed.

**1989**

The Universal EZ Disher, was developed and available in thirteen sizes.

80s

90s

**1990**

The Zeroll Co. moved to Ft. Pierce, FL.

**TODAY**

The Zeroll Co. is owned by The Legacy Companies. Manufacturing moved to Weston, FL. The Universal EZ Disher was re-introduced. The Original TubMate® Spade was re-designed with a longer handle and thicker blade. The Zelato® Spade, a brand new product designed as a portioner for gelato, joined the Zeroll product line to rave reviews. And the USSENTIALS line and frozen treat makers also launched.

# THE ORIGINAL SCOOP

## America's Favorite Scoop...

and the choice of ice cream parlors and ice cream lovers since 1935!

For over 80 years, the Zeroll Company has continued to dominate the marketplace in company reputation and product quality. The design for the Zeroll ice cream Scoop received a patent in 1935. The Original Zeroll® Ice Cream Scoop has undergone no substantial changes in its design since its introduction and is still manufactured in the United States of America (Fort Lauderdale, FL).

### Increase profits using portion management with the Original Zeroll® Ice Cream Scoop.

For example, the base weight per gallon of ice cream is about 72 ounces. A three gallon tub will yield about 108 portions using a size 20 scoop. Use the size chart (page 4) and the per gallon weight to manage your servings.

DO NOT PUT IN DISHWASHER.  
DO NOT EXPOSE TO TEMPERATURES OVER 140F/60C.

**ZEROLON**

## SPADES

The ideal solution for leveling tubs, hand-mixing and hand-packing. Designed to match the radius of ice cream cartons for faster, cleaner knock downs. Simply scrape the side of the carton and level the top of the ice cream to increase yield and prevent ice crystals.

- Extended handle prevents contamination.
- Thicker blade for longer service life.
- Heat conductive fluid sealed in the handle.
- Design for right or left hand use.
- Regular use will help to reduce waste.

# ENGRAVING & EMBOSSING

## LASER ENGRAVING

Laser engraving has become the easiest and most economical way to personalize your Zeroll products.

- 12 piece minimum order.
- Short lead times.
- More intricate/complex logos and text.
- Image area - 4" (W) x .75" (H)
- Available on all Zeroll Ice Cream Scoops and Spades.

## CUSTOM EMBOSSING

Custom embossing is the perfect solution if you are looking for permanent customizing.

- 1008 piece minimum.
- 10-12 weeks lead time.
- One time charge for Nameplate.
- Casted permanently on the scoop's handle.
- Image area - 2" (W) x .50" (H)
- Available on all Zeroll Ice Cream Scoops and Spades.

## LASER ENGRAVING GRAPHIC REQUIREMENTS

Unless otherwise indicated, all nameplates are positioned to be right hand readable. We do not create artwork. If you are only engraving text, select a font, and submit a layout. All raster files need to be re-drawn, and must be at least 850 x 850 pixels or larger. Vector art images in the following formats are preferred: EPS, DXF/DWG, or Ai (Adobe Illustrator)

Sample Policy/\$35.00 Includes: Logo preparation, 1 sample, and shipping.  
With an order of 36 or more, the sampling charge will be applied to your order.
